OMB NO.: 1845-0032

TERMS OF CLEARANCE:

Approved. The LAP is a revised version of the currently existing LPQ; the approval of the LPQ is extended until the LAP is in use, at which point the LAP will take the place of the LPQ.

ED has informed OMB that they will be seeking approval of the related LARS/799 form soon, in order to have the process fully automated quickly. If the timeline for the LARS/799 falls behind (it is currently scheduled for an October 2002 deployment) ED shall inform OMB as soon as possible and provide an updated timeline.

Program requested an emergency review of this package due to problems with advance planning. While it is not in the interests of the program or the public to delay the implementation of this LAP at this point, ED should be factoring the full OMB review period into any project requiring revisions to data collection instruments, and will not be allowed to use an emergency clearance for similar circumstances in the future.
